ABOUT ME

Hey, I'm Chloe, photographer, mother of five, partner, and plant lover with a deep passion for being creative. I like to think I'm super hilarious, and my goal is to tell your story through my lens.

I stumbled into photography through having my eldest child's photos taken. I wanted to capture more of those special moments with my kids, and I quickly fell in love with the magic of light, the lens, and those raw, candid moments. That's when I decided I wanted to offer that experience to others.

In 2022, I took a huge leap and quit my job in open cut mining, operating heavy machinery. On a whim, I packed up my life and moved to Esperance and after a while decided to take my photography hobby to a full-time gig. Talk about crazy, right? Let's just blame the ADHD for that decision, but honestly, it's one of the best choices I've ever made. And now, I get to do what I love every single day capturing beautiful, real moments for people like you.

PACKAGES

Photography is so much more than just the click of the shutter. It's about creating something meaningful, something that captures not only a moment but the essence of who you are. I've spent years honing my craft, investing in both gear and education, all to bring you the very best.

When you choose to invest in me, you're not just paying for a photo—you're investing in my expertise, my experience, and my passion for storytelling. I take the time to dive deep into your story, ensuring that every shot reflects your unique legacy. My goal is to capture not just how things look, but how they feel, so when you look back on these moments years from now, they'll take you right back to exactly how you remember them.
